

# Chittenden Chatter

February 23, 2007

**Vermont:** We will continue our study of Vermont after vacation. This week we labeled the four mountain ranges and highest peaks of Vermont. We also practiced good note taking skills.

**Home Reading:** What will Max do now that Abe (Larry) Lincoln has joined the basketball team? Will they ever get Abe back to his right time?

**Math:** Ms. McManus (our student teacher from Saint Michael) taught us how to remember coordinates on a map. We also had our first division quiz this week. We will revisit double digit division after vacation.

**Science Fair:** Students did a WONDERFUL job presenting at the science fair! I am very proud of all their hard work!

**Music Concert:** Bravo! I was impressed by Wednesday's performance. They are so multi-talented!

## **Upcoming Events:**

- February Vacation -next week
- Tuesday, March 6<sup>th</sup> school resumes

Have a WONDERFUL vacation!
