

Mrs. Benjamin's News

November 12, 2010

Hello families!

It is hard to believe that we are finished with our first trimester. Attached you will find your child's **report card. Please sign the envelope** (keep everything inside) **and return on Monday** so I know you have received the report card I am looking forward to seeing all of you during conferences next week. Please note the time you are allotted. I am afraid that it is a tight schedule. The majority of you requested Wednesday, so appointments are back to back every 15 minutes. I will do my best to stay on schedule and ask that you are prompt. **If you cannot make it, please let me know.**

We have started a **new science unit on nutrition.**

Students have learned about the new food pyramid and the different food groups. I am sending home a nutrition booklet for you to use at home to reinforce what we have been learning.

We finished **unit three in math.** Attached you will find your child's assessment checklist. Note that the highlighted areas have just been introduced are not expected to be secure at this time. The topics that are just white are expected to be met. I can explain this more at conference time.

See you soon!
