

Room 5 News!

Social

Studies and Science

We have been studying dinosaurs and periods of time millions of years ago. We learned how the earth has changed and how the dinosaurs have changed as well.

We learned about plant eaters, meat eaters, large dinosaurs, small ones, those that cared for their young and those that we think are dinosaurs but are not! Be sure to come to our Dino Night, Wednesday, February 3 from 5-6pm. We have many projects for you to view! We are asking for you to wait until 5:45 on Dino Night to take project home. Last year we had many people that came early and that left very little for all the other families to view.

Mrs. Davidson and Mrs. Desmond came in to teach 4 Winds and to teach us more about air! They showed us how air is important, that it has weight and it does take up space!

Reading and Writing

We have been studying non-fiction conventions to help our readers learn more about a topic.

Our dinosaur theme continues to rule the roost as we have been writing reports from our non-fiction about dinosaurs.

Math

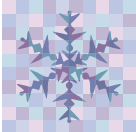

Hard work is at hand as we are working on adding and subtracting bigger numbers. We have learned how to regroup (borrow/carry) our tens. We are also working on making arrays for beginning multiplication stories. Work have also begun on the mid year assessments.

D.A.R.E.

We will be starting D.A.R.E. in February! A police officer friend will be in to talk to our class about many choices we make.

WINTER IS STILL HERE! Please be sure your child is dressed appropriately for going out and playing in the snow! It is a good idea to send in extra dry clothes for those days when your child plays in wet snow! Dry socks and pants really come in handy! Your child had been invited to bring in a pair of older shoes that they can leave at school. Sneakers are more than perfect! They are best for PE and any activity we do! Wet boots in the classroom are not only hot and uncomfortable, they bring the wet/mud into our room.

Reminders

- February is "I Love To Read and Write Month" We will have activities and be reading some great books!
- Dino Night February 3rd.
- Concert February 10th at CHS!
- Wear appropriate clothing for the weather! Please bring dry clothes!!!
- 100th day of School is Feb 8 (as long as we don't have any snow days).

Homework

- Please don't forget that reading each day and working on SWR words is very important! Those spelling skills are vital to your child's reading and writing!
- Math homework should be expected once or twice a week to keep you posted with what we are doing in math!
