**PORTERS POINT SCHOOL / UNION MEMORIAL SCHOOL  
Agreements and Application for  
A Network/Internet Account**

**DIRECTIONS:** This agreement must be signed by any student who uses the school network or the Colchester School District’s network. It does not apply to computers which are not networked in any way and which cannot access the Internet. Please give the completed form to the Technology Assistant.

STUDENT: My teacher has explained to me the parts of the Colchester School District *Acceptable Use Policy* that have to do with me and has gone over the *School Terms and Conditions*. I understand and will follow the rules. If I do not use the computer network the way I should, I will not be allowed to use it any more. My parent or guardian will be notified of the suspension or termination of network privileges.

PARENT OR GUARDIAN: As the parent/guardian of this student I have read the Network/Internet Terms and Conditions on the reverse of this sheet as well as the **Colchester School District *Acceptable Use Policy***. The Internet, and the World Wide Web in particular, are important educational tools which provide students access to a vast array of resources from around the globe. On a global network, however, it is impossible to control all materials and a student may happen on inappropriate sites, deliberately or by accident.

Nevertheless, the District firmly believes that the valuable information and interaction available on this worldwide network outweigh the possibility that the user may access materials not consistent with the educational goals of the District.

I understand that the Colchester School District may inspect or review my child’s account for compliance or security purposes, without prior notice to me or my child. I hereby give my permission to issue an account for my child under the terms and policy referred to, and certify that the information contained on this form is correct.

**Computer Network/Internet Access**  
**School Terms and Conditions**

1. **Privileges:** The use of the Colchester School District Network is a privilege, not a right. I may lose my privilege if I do not use the network as I should. I understand that anything I send or save on the network could be looked at by a network administrator, without telling me first. It is not private.
2. **Acceptable Use:** I understand that I may use the computer network only for academically appropriate work, which is explained in the Colchester School District *Acceptable Use Policy*. If I am not sure what “academically appropriate work is,” an adult will help me determine that.
3. **Etiquette:**
  - When I use the network, I must follow school rules regarding behavior and appropriate language.
  - I will not let anyone know what my address or telephone number is. I will not send anyone my photograph.
4. **Security:**
  - I understand that I am not allowed to use anyone else’s files without his or her permission. I may lose my network privilege if that happens.
  - I understand that I may not download anything without asking my teacher or another responsible adult.

**The laws of the State of Vermont, the United States of America, and all applicable policies of the Colchester School District shall govern these terms and conditions.**
