September continued...

- Create an account with the Common Application if any of the schools you apply to are using the Common Application. Begin to fill out if not fully complete.
- Link/match your Common Application account to your Naviance account.
- Fill out or request applications from colleges and universities that do not use the Common Application.

More to do in September...

- Meet with your school counselor to discuss post-secondary plans.
- Request letters of recommendation.
- Continue campus visits and interviews (if college allows).
- Create a chart of deadlines. Be particularly mindful of early decision or early action deadlines.
- Work on college essays.

October

- Take the SAT or ACT exam (if registered).
- Narrow your list of colleges you are applying to (roughly 6–8). This list should consist of schools that are reach, good fit, and safety schools.
- Take advantage of college fairs, campus tours, and virtual tours.
- Complete your applications for early decision or early action deadlines.

October continued...

- Research financial aid and scholarships.
 - Naviance
 - CHS website
 - Local organizations
 - Parent/guardian employers

*We will be discussing this again during AT in January
- Get your college essay(s) in shape. Edit and gather feedback from teachers, Literacy Lab (formerly writer's workshop) and/or counselors.
- Keep track of all application components: application, test scores, letters of recommendation, deadlines, and financial aid material. **An incomplete application can ruin your chances of admission.**

October

- Submit the FAFSA (Free Application for Federal Student Aid). The deadlines for filing the FAFSA depends on the college so check with each college for specific deadlines.

When a Student Is Attending College (School Year)	When a Student Can Submit a FAFSA
July 1, 2019–June 30, 2020	October 1, 2018–June 30, 2019

November

- Register for the December SAT by Nov. 2 or ACT by Nov. 3 (if appropriate)
- Take the November SAT if you were registered.
- **DON'T** let your grades slide. It's easy to get distracted from school work while working on applications so keep your eye on the prize! Senior slump can be disastrous for your admission chances (and Latin Honors status for graduation)!

November continued...

- Make sure you've submitted all of your application materials to the colleges in which you are applying early decision, early action, or preferred.
- Finalize your application essay(s).
- Make sure to give a "thank you" card/note to any teacher, coach, employer, counselor, etc. who wrote you a letter of recommendation. ★ ★ ★

December – January

- Complete and submit your applications for regular admissions.
- Make sure you had your **OFFICIAL** test scores sent to all the colleges that require them. (collegeboard.org or actstudent.org)
- Confirm that your letters of recommendation have been sent. You are responsible for making sure these were sent.
- If you are accepted to a school through early decision, be sure to follow directions carefully. Submit required forms and notify the other schools to which you applied of your decision.

More to do through December–January...

- Continue to keep track of all deadlines and application components. This includes deadlines for scholarships as well.
- Apply for scholarships well in advance of the deadlines.

Ongoing Monthly Tasks

- Strengthen your academic record. Stay focused on your grades.
- Research Scholarships.
- Try to assume leadership positions in an extracurricular activity.
- Try something new!

Be mindful of your social media accounts

What would a college admissions counselor think if they saw your social media accounts?

A photograph of a library bookshelf filled with various books. The shelves are numbered 240, 241, 242, 248, 250, 255, 256, 257, and 258. The books have different covers, some with gold lettering and decorative patterns. A central blue banner with white text reads "College Admissions Options".

Early Action

- You can get an admissions decision earlier than the regular notification date. (UVM Early Action deadline is Nov. 1, Jan. 15 is regular)
- However, Early Action is usually not binding.
 - You may apply to other colleges.
 - You do not have to commit to a college to which you have applied Early Action.
 - You have a longer period to notify the college of your decision.

Early Decision

- Allows you to apply early, usually November, to get an admission decision well in advance of the regular admission notification date.
- *However*, Early Decision plans are **binding**.
 - That is, you agree to attend that college if they accept you and offer you an adequate financial aid package.
 - You can apply Early Decision to only one college.
 - You must withdraw all your other applications if you are accepted Early Decision.

Pros and Cons of Applying Early Decision

Pros

- Bypass regular spring notification deadline.
- Reduce time waiting for a decision.

Cons

- Must make serious decision before exploring all options.
- Can only apply ED to one school.
- May not have time or opportunity to compare financial aid packages.

ETHICS: Do's and Dont's of Applying Early Decision

DO

- Withdraw all applications upon being accepted.
- Request a release from your contract only if the college is unable to work out appropriate financial aid.
- Take your ED decision seriously.
- Discuss the cost of the college before applying.
- Attend the college that accepts you.

DON'T DO

- Apply to ED programs at more than one college.
- Have your counselor send transcripts to more than one ED school or to any other schools once you are admitted.
- Try to get out of an ED acceptance because you've changed your mind.
- State an intended major you don't plan on pursuing because you think it might help you get admitted.

Regular Admission

- Deadlines vary by school.
- January 1, January 15, February 15 are *typically* regular admissions deadlines.
- UVM regular admissions deadline is January 15. St. Mike's regular admission deadline is February 1.
- Admissions decision notification is usually mid to late March.

Rolling Admission

- No set application deadline.
- However, once a program is full admission is closed.
- So, do not delay your application even with Rolling Admission.

What to Do if You're Waitlisted

- You are put on a waiting list if you meet the admissions requirements, but the school has already reached its acceptance target.
- You will be admitted only if space becomes available.
- Do not wait. Contact the admissions office and make your case why you are a good fit for the school. If this is your first choice, you can guarantee that you will accept admission if it is offered.

What to Do if You're Waitlisted Continued...

- Keep your grades up. You may be re-evaluated based on 3rd and 4th quarter grades.
- Request another (or a first) interview.
- Prepare to attend another school. Colleges do not pull from the waitlist until after the May 1 decision deadline. Therefore, you will need to commit to attending another school. If you are admitted from the waitlist and choose to attend, you will lose the deposit you made to your backup school and be required to send a deposit to the new school.
