Dear CHS Families,

Happy March! We hope you are enjoying the longer days and (sometimes) warmer weather.

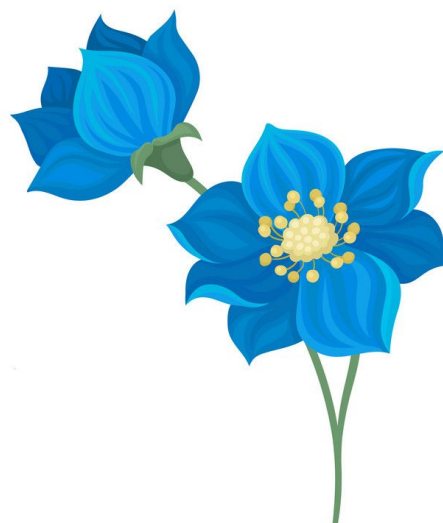

CHS is preparing to administer the Smarter Balanced Assessment (SBAC) of the Common Core Standards to current 9th graders. Annually, CHS is required to administer a statewide assessment to 9th graders that evaluates each student's knowledge in the areas of English Language Arts and Mathematics. CHS students will take the English Language Arts section in their Humanities class (Thinkers and Revolutionaries - "TRev") over three class periods the week of March 21st and the Math section in their math class (Algebra or Geometry) over two class periods the week of March 28th.

In addition, our 11th graders will be taking the Vermont Science Assessment (VTSA) in their science class over two class periods the week of April 4th.

Standardized tests are one tool available to parents and educators to determine how well our school is helping students meet standards. In every assessment, scores are only as meaningful as the effort the student puts into the tests. Please encourage your student to take the tests seriously and to give their best effort. Thank you for supporting your student and our school during the testing period. If you have any questions, please do not hesitate to contact the school.

Warmly,

Heather Baron, Principal

HAPPENINGS AROUND CHS...

Colchester Theatre Company Presents

Book by
Bridget Carpenter
Music by
Tom Kitt
Lyrics by
Brian Yorkey

In this twist on a classic story, a mother (Ava Blaisdell) and daughter (Juliana Tomlinson) accidentally swap bodies after activating a magic hourglass. Songs, shenanigans, emotions, and mischief ensue as a collective of quirky characters navigate the contrasting worlds of adolescence and adulthood.

CHS students have put great effort into bringing this story to life and we look forward to sharing it with you!

Join us March 10-12 at 7:00pm

Tickets to see the performance are \$10 at the door for general admission or \$8 for Colchester students.

Congratulations to Ava Blaisdell, Thomas Buckley, Jenny Martel and Lily Niemi-Moskowitz on their selection to the Eastern Division Honor Choir for the American Choral Directors Association Eastern Division Conference in Boston, MA. There were only 10 students from VT selected, and we are so proud that four were from CHS!

Congratulations also to Thomas Buckley on his selection for the National Association for Music Educations All National Honor Choir!

Our goal is to expose youth to engineering, build skills and help youth understand different pathways they can take to pursue a future as an engineer.

Check out all of the different **FREE learning opportunities** happening during the month – all leading up to National Engineering Week, February 20-26, 2022. (**See attached flyers**)

Activities include:

- **Create Your Own Invention Contest** (grades 3-12), entries due February 19
- **Rube Goldberg Challenge** (grades 3-12), entries due February 19
- **How Did You Get There? Career Panel Series for Students**, topic "Electrifying Learning & Engineering," February 2
- **4-H World Changers: Learn to Code** (grades 5-12), starts February 3

And, don't miss our hallmark event **DISCOVER ENGINEERING on Saturday, February 12, 2022 at the UVM Davis Center and other campus locations**. This event is for youth in **grades 5-12** and will have two distinct parts:

- In the morning youth participants will engage in an **Engineering Scavenger Hunt**. We have invited engineering businesses and CEMS student groups to host exhibit tables to share their work and engineering expertise. Each exhibitor will submit a question to include in the scavenger hunt; the answer to these questions can be discovered by visiting the exhibit tables. Collectively, this allows youth to learn about different kinds of engineering and career pathways. There will also be a robotics demonstration by some of the FIRST Robotics teams.
- In the afternoon participants will continue to connect with engineering professionals and UVM engineering students through **hands-on skill-building workshops**.

We hope you will encourage your students to participate in some of the programs and activities!

Please reach out with any questions.
