May 4, 2021

CSD Community,

With many of our students attending school in person along with the governor loosening some COVID-19 restrictions, the district has seen participation in our meal delivery program decline. While we remain committed to continuing to offer this service for students who are learning remotely, we have decided to scale the bus routes down for the final weeks of school.

We looked at which stops had very few or even zero pick-ups and consolidated the four routes down to two routes. You can find the new bus stops and times listed below. **This route change will take effect on Monday, May 10.** We will continue to monitor participation through the end of the school year and make any changes as needed.

As always, thank you so much for your support of this program. It has been a pleasure bringing food to your neighborhoods and we look forward to seeing it through to the end of the year!

Colchester Food Service Program
