Once you sign back in to the Chromebook it will be in the new language.

5. Select the language you want and click "Display Google Chrome OS in this language"

## Set the Chromebook back to English

1. Click the blue bar to bring up the Chromebook menu. Click the gear icon to bring up the settings window

2. Scroll to the bottom of the page and click the link circled below

3. Scroll down until you see a button that looks like the one circled below. The language may be different but the format of the lines of text and buttons will look the same.

4. Select English as the language you would like to use. There may be a few choices just go down the list until the word English appears. (See the blue circle.) Click the button circled in red on the right side of the image below to set the language to English.
