III. Report from PPS and UMS Principals

Principal Carolyn Millham and Principal Chris Antonicci provided the school board with a brief update on the upcoming calendar of events in their buildings. PPS has partnered with the library via a raffle with the prize being a gift card to the upcoming book fair. UMS saw 87% turnout for their open house which is on pace from last year. They added a shuttle this year to help with parking. Principal Antonicci also noted the school has started using Twitter, Facebook and Instagram and are working to gain followers.

IV. Quarterly Financial Report

Business and Operations Manager, George Trieb, presented the first quarterly report of the school year. The district has spent 17.38% of the budget versus spending 18.53% last year at this time. The district's total commitments to date are 58.20% versus 59.95% last year.

V. Special Education Quarterly Report

Director of Special Education, Carrie Lutz, advised the projections are still on target from her report last week. She advised they are still 10 paraeducators over the originally budgeted amount. It was noted that the money which will pay for the additional educators is part of a reimbursement fund and the district will get back a percentage. Carrie stated the number of students in out-of-district placements remain on the low side, however the intensity of the needs are increasing.

VI. Approval of Switch Purchase

Business and Operations Manager, George Trieb requested the approval of a \$123K equipment purchase. The equipment is a number of switches throughout the five schools which are aging and need to be replaced. The equipment would be purchased to update the district's existing equipment and leverages e-rate funding.

Director Kiemy moved to approve the purchase of IT equipment as outlined in the memorandum, seconded by Director Taylor. Motion passed unanimously, 3-0.

VII. PPS and UMS School Report Presentation

Principals Chris Antonicci and Carolyn Millham presented a joint school report for UMS and PPS. The two K-2 schools have worked to build more cohesion between them and this was the first time the schools reported together as a team. Their report included enrollment numbers, average class size, demographics, test scores and both schools reported excellent daily attendance of 96%.

VIII. District Safety Plan

Superintendent Amy Minor has been working directly with Doug Allen from Colchester Police Department to assess the strengths and needs of the district's overall current safety plan as well as individual plans for the seven buildings. Superintendent Minor introduced ALICE (Alert, Lockdown, Inform, Counter, Evacuate) which is a new safety training program that many Chittenden County schools will start using in the near future. The next step for CSD will take place in November and will involve retraining the administration on the new policies and procedures of ALICE. In December a School Safety Committee will form. Members will encompass a number of agencies including: Howard Center, First Call, CSD Administrators, Red Cross, Police, Fire and Rescue.

IX. First Reading of Wellness Policy

The State has released new Wellness Policy requirements which will require updating CSD's current policy. The new CSD policy will be developed by a district wide committee to include parents and students. Superintendent Minor asked the board to continue to review the current policy and to provide feedback for the committee. There was concern over parents/teachers bringing in outside food for parties/rewards/testing times. Principals Antonicci and Millham volunteered a document they already provide to parents encouraging proper portion size, fruits, veggies, and other healthy

alternatives. Board members agreed the district should stay within the parameters of the new policy guidelines while still keeping flexibility and allowing for administrative discretion.

Director Taylor moved to approve the first reading of the Wellness Policy, seconded by Director Kieny. Motion passed, 3-0.
