Average:**

93%

504 Case Management

504 Plans protect the rights of persons with disabilities

School Year	MBS	CMS	CHS
2015-2016	-	4	8
2016-2017	4	5	9

- Students with a physical disability which limits one or more major life activity are eligible for consideration.
- School nurses case manage students by meeting with the student, parents, and teachers to develop reasonable physical and/or instructional accommodations to ensure equal access to their education.

Porters Point School

Mary Axworthy RN

➔ 2015-2016 Enrollment: **248**

➔ 2016-2017 Enrollment: **240**

School Year	Office Visits
2015-2016	3,034
2016-2017	2,916

Education at All Levels

- Provided in-class education on food allergies
- Staff Education on administration of EpiPens, Inhalers, and other medications

Items of Note:

- Severe respiratory virus in the fall, as well as multiple rounds of strep throat.
- In response to the illnesses, the school nurse increased communication with families through newsletters and class flyers.

Union Memorial School

Kathleen Kelly RN

➔ 2015-2016 Enrollment: 250

➔ 2016-2017 Enrollment: 240

School Year	Office Visits
2015-2016	4,273
2016-2017	4,061

Making Connections

- UMS Health Office Blog is up and running.
- Focuses on informing parents of timely health and wellness needs of school aged children.
- Classroom education addressing specific health concerns of students with medical conditions.

Developing Guidelines

- Developed a flow chart and instructions for the nurses role following a Restrictive Behavior Intervention which will provide consistency across the district

Malletts Bay School

Josie Lang RN

➔ 2015-2016 Enrollment: **475**
PreK/EEE/Head Start Enrollment: **84**

➔ 2016-2017 Enrollment: **481**
PreK/EEE/Head Start Enrollment: **98**

School Year	Office Visits
2015-2016	5,208
2016-2017	4,624

Interagency Collaboration

- Worked with VT DOH and AOE to coordinate a Dental Health Survey which helped identify students who needed dental exams.

Teaching the Next Generation

- Josie mentored 3 different up and coming health professionals.
 - 1 college student acquiring public health experience to complete their BS in nursing
 - 2 high school students doing job shadows

Colchester Middle School

Melissa Goldberg RN

➔ 2015-2016 Enrollment: **425**

➔ 2016-2017 Enrollment: **444**

School Year	Office Visits
2015-2016	4,389
2016-2017	4,111

Focusing on Immunization

- 98.7% compliance with the VT Department of Health

Wellness at Work

- Served as a PATH leader and coordinated a “Biggest Loser” competition which was a wellness promotion.
- Created several care plan templates in Google docs for sharing across the district.

Colchester High School

Deborah Deschamps RN

Patty Morel LPN

➔ 2015-2016 Enrollment: **734**

➔ 2016-2017 Enrollment: **658**

School Year	Office Visits
2015-2016	3,383
2016-2017	3,058

Focusing on Immunization

- Achieved a compliance rate of 98.8% through education and persistence.

Collaboration with State Agencies

- CSD secured a \$17,000 grant in an effort to provide an electronic health record which will collect data, complete assessments and documentation, measure outcomes, note trends, and prepare communications with families. We will begin using our new SNAP program this fall. One focus will be to promote yearly well-child exams.

Overall District Data

School Year	Office Visits	Medications	Accidents	CPT Meetings	Health Care Plans
2015-2016	20,287	6,352	46	-	108
2016-2017	18,770	4,614	55	*310	96
