COLCHESTER HIGH SCHOOL DISCIPLINARY MODEL

Our mission is to support all students in displaying acceptable behavior and participating fully in their education. As a result, the CHS disciplinary model has been created using a stair-step approach. The model contains five levels (A, B, C, D, E) that have been defined with progressively more problematic student behaviors on each level. On each level, consequences have been identified to support the improvement of a student's behavior and also to clarify expectations regarding future incidents of unacceptable behavior. When a student behaves in an unacceptable way, he/she will be assigned to the appropriate level as defined in the model. When a student is considered for placement on a level, the administration reserves the right to regulate the movement from level to level.

Colchester High School reserves the right to discipline a student who engages in dangerous or illegal behavior outside of school the result of which may directly harm Colchester High School. (VT Statute Act 113).

A student will move to a higher level by exhibiting behavior that is listed at a higher level than he/she is currently placed; exhibiting behavior that is defined as chronic at a lower level or at the same level; and exhibiting behavior that is listed at the same level.
