COLCHESTER SCHOOL DISTRICT

POLICY: FRAUD

DATE ADOPTED: Draft

POLICY STATEMENT

The purpose of this policy is to establish certain principles and expectations for the school district in order to prevent fraud, investigate and provide consequences for engaging in any manner of fraud, and to heighten awareness of possible fraud. All board members, employees, vendors, contractors, agents, consultants, volunteers and any other parties who are involved in the district’s financial transactions shall act with integrity and diligence in duties involving the district’s financial resources. The district will not tolerate fraud or the concealment of fraud. These activities could result in criminal prosecution and disciplinary action, up to and including termination of employment. Acts of fraud, waste, and abuse will not be tolerated and will be reported to appropriate government and criminal authorities whenever there is a reasonable basis to believe, following investigation, that such conduct has occurred or is occurring.

I. DEFINITIONS

Fraud is defined as a deception deliberately practiced to secure unfair or unlawful gain. The term includes such acts as bribery, deception, embezzlement, extortion, false representation, forgery, the concealment of material facts, the misappropriation of money or assets and collusion or conspiracy to commit any or all of the above acts.

Fraud and financial impropriety shall include but not be limited to:

A. Forgery or unauthorized alteration of any document or account belonging to the district.
B. Forgery or unauthorized alteration of a check, bank draft, or any other financial document.
C. Misappropriation of funds, securities, supplies, or other district assets, including employee time.
D. Impropriety in the handling of money or reporting of district financial transactions.
E. Profiteering as a result of insider knowledge of district information or activities.
F. Unauthorized disclosure of confidential or proprietary information to outside parties.
G. Unauthorized disclosure of investment activities engaged in or contemplated by the district.
H. Inappropriately destroying, removing, or using records, furniture, fixtures, or equipment.
I. Failure to disclose conflicts of interest as required by law or district policy.
J. Any other dishonest act regarding the finances of the district.
II. FINANCIAL CONTROLS AND OVERSIGHT

Each employee who supervises or prepares district financial reports or transactions shall set an example of honest and ethical behavior and shall actively monitor his or her area of responsibility for fraud and financial impropriety. The superintendent or designee shall maintain a system of internal controls to deter and monitor for fraud or financial impropriety in the district.

III. FRAUD REPORTING

Any individual who has reasonable cause to believe that the fiscal practices or actions (wrongful conduct) of an employee or school board member violates any local, state, federal law or rule and regulation relating to the financial practices of the district shall make a report using the Fraud Report Form. This form shall be submitted to the superintendent of schools or the school board chair if the complaint is regarding the superintendent or business and operations manager.

IV. CONFIDENTIALITY

Employees involved in the investigation shall be advised to keep information about the investigation confidential. Reports of suspected fraudulent activities shall be investigated in a manner that protects the confidentiality of the parties and avoids unfounded accusations. The district will maintain confidentiality of reports of suspected misconduct and the investigation, to the extent consistent with the conduct of an appropriate investigation and the district’s obligations under the Freedom of Information Act. However, absolute confidentiality for reporting witnesses and investigation results cannot be guaranteed. The investigation process, however, may reveal the source of the information, and/or a statement by the individual may be required as part of the evidence. Except as authorized by the superintendent, the reporting witness and others interviewed shall not discuss the allegations or investigation with other district employees or officials, vendors or contractors. Unsubstantiated allegations that are not privileged could harm an innocent individual’s reputation and result in potential civil liability.

V. FALSE REPORTING

If an allegation is made in good faith, but is not corroborated by the investigation, no action shall be taken against the person who files the allegation. Suspicious actions that do not constitute fraud must be reported in accordance with district procedures. Individuals who knowingly make a false report of suspected fraud or fraudulent activity shall be subject to disciplinary action up to and including termination.

VI. RETALIATION

The board and all district employees shall not unlawfully retaliate against a person who in good faith reports perceived fraud or financial impropriety. Individuals who, in good faith, report suspected fraudulent activity will not be subject to retaliation as a result of reporting the actual or suspected misconduct. The district shall not tolerate harassment or victimization and shall take action to protect a person who raises a concern in good faith.
VII. INVESTIGATIONS

The superintendent shall have the primary responsibility for investigating all suspected fraud or financial impropriety as defined in this policy. The superintendent may appoint a designated third-party investigator to lead the investigation. The school board may designate the investigation responsibilities if the superintendent or business and operations manager are included in a report of suspected fraud.

An employee shall not attempt to personally conduct investigations and shall not contact the suspected individual in an effort to determine facts or demand restitution. If a preliminary investigation substantiates the occurrence of fraudulent activity, the superintendent or designee shall issue a report to the school board. Upon completion of the investigation, the superintendent shall submit a report of findings to the school board, as appropriate. Final disposition of the matter and any decision to file a criminal complaint or refer the matter to the appropriate law enforcement and/or regulatory agency for independent investigation shall be made in consultation with legal counsel. Results of the investigation shall not be disclosed to or discussed with anyone other than those individuals with a legitimate need to know.

VIII. CORRECTIVE ACTION

If an employee is found to be engaging in or to have been engaged in fraudulent acts, or failed to report fraudulent acts, they shall be subject to disciplinary action, up to and including termination. Based on the seriousness of the offense, the results may be referred to the appropriate law enforcement and/or regulatory agencies.
