THE FOREGOING WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IF THE FOREGOING DISCLAIMER OF ADDITIONAL WARRANTIES IS NOT GIVEN FULL FORCE AND EFFECT, ANY RESULTING ADDITIONAL WARRANTY SHALL BE LIMITED IN DURATION TO THE EXPRESS WARRANTIES AND BE OTHERWISE SUBJECT TO AND LIMITED BY THE TERMS OF BURKE'S PRODUCT WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OF CERTAIN IMPLIED WARRANTIES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

If, after a reasonable number of repeated efforts, Burke is unable to repair or replace a defective or nonconforming product, Burke shall have the option to accept return of the product, or part thereof, if such does not substantially impair its value, and return the purchase price as the buyer's entire and exclusive remedy. Without limiting the generality of the foregoing, Burke will not be responsible for labor costs involved in the removal of products or the installation of replacement products. Some states do not allow the exclusion of incidental damages, so the above exclusion may not apply to you.

Product installed within 500 yards of a saltwater shoreline will only be covered for half the period of the standard product warranty, up to a maximum of five years, for defects caused by corrosion. Products installed in direct contact with saltwater or that are subjected to salt spray are not covered by the standard warranty for any defects caused by corrosion.

- Relocation or transport of materials to jobsite

MEMO

To: School Board Directors
From: George A. Trieb, Jr.
Subject: Contractor Bid Criteria
Date: April 11, 2025

As previously mentioned, the Board will need to weigh in from time to time as it pertains to certain aspects of the formal bidding process. The Board will also be required to review bid summaries and approve recommended bids for the project based on cost factors.

The first step in the General Contractor pre-qualification process is for the Board to adopt a list of criteria which they will use to judge applicants' qualification to be included on the list of bidders.

Below is a suggested list of criteria that can serve as a starting point for the Board. This is a list that Black River Design has used successfully in the past. Review and approval of this list will better position the Board to prepare in the situation where the Board has marginally qualified contractors applying. The Board needs to be able to point out specific criterium that applicants did not meet in order to NOT pre-qualify them. The Board should adopt these before we advertise for Qualification Statements as the first question someone will ask is "What are the criteria the Board will use to determine the qualified bidders?" We will need to be able to provide this for them.

Qualified Bidder Criteria

- ✚ Experience in successfully completing competitively bid projects of equivalent size and type.
- ✚ Proven ability to keep past projects within budget.
- ✚ Established capability to keep past projects on schedule.
- ✚ Track record of successful construction projects in the area within the last five years.
- ✚ Knowledge of and experience with location and local subcontractors.
- ✚ Establishment of commitment to this area.
- ✚ Ability to obtain performance and bid bonds.
- ✚ Quality of workmanship and ability to control/encourage quality in the subcontracted work.
- ✚ Record of fairness on change orders after the bid and during the construction phases.
- ✚ History of sound project management, coordination with subcontractors, timely submittal of required documentation, and attention to responding to the concerns of the owner during construction.
- ✚ Established ability to maintain safe working conditions.

- ✚ Proven ability to safely and efficiently work around children and activities.
- ✚ Sustained ability to close out project after reaching project substantial completion.
- ✚ Ability and willingness to follow-up on completed projects.
- ✚ Willingness to return to correct warranted items.

I recommend that the Board approve the criteria for both PPS and UMS.

COLCHESTER SCHOOL DISTRICT

**POLICY: SECTION 504 AND ADA GRIEVANCE PROTOCOL FOR
STUDENTS AND STAFF**

DATE ADOPTED: DRAFT

POLICY STATEMENT

It is the intent of the Colchester School District (District) that neither the School Board (Board) nor any of its employees shall discriminate on the basis of disability. This applies to all aspects of enrollment, access to programs and activities, and the administration of policies, procedures, practices, and employment. Such compliance shall be carried out to the full extent required by applicable federal and state laws.

The District has adopted this internal protocol for prompt handling and equitable resolution of complaints alleging any action prohibited by Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990 (ADA). Section 504 and the ADA prohibit discrimination on the basis of disability in any program or activity receiving Federal financial assistance.

The District further provides assurance that strictly prohibits any form of retaliation against persons who utilize this protocol. To the extent possible, confidentiality will be maintained throughout the investigation of a complaint of unlawful discrimination. **Nevertheless, a person is not required to use this protocol and may instead file a complaint directly with the U.S. Department of Education's Office for Civil Rights, Office for Civil Rights, Boston Office:**

U.S. Department of Education
8th Floor
5 Post Office Square
Boston, MA 02109-3921

DISTRIBUTION

The following protocol is available and shall be distributed to all third parties for their use in filing complaints of discrimination based on disability.

This protocol will be distributed by the building 504 coordinators or their designees to all employees prior to the start of co-curricular activities every school year, preferably during the August in-service, and again with the recommencement of co-curricular activities immediately following the December vacation.

Last Reviewed: March 3, 2020
Date Warned: March 14, 2025
First Reading: March 18, 2025
Second Reading: April 15, 2025

It will also be distributed by building 504 coordinators, or their designees, to all third parties, at the time of their engagement for services.

IMPLEMENTATION

STEP 1:

A person (an employee, student, or third party) who believes that they have been discriminated against by the District is encouraged, but is not required, to discuss the matter informally with the appropriate building principal (when the person is a student) or with their immediate supervisor (when the person is an employee).

NOTE: If the building principal or the immediate supervisor is the subject of the complaint, or the grievant is not a student or employee, the grievant may, instead, contact the District Section 504 Coordinator, Carrie Lutz, mailing address: 59 Rathe Road PO Box 27, Colchester VT 05446, email address: carrie.lutz@colchestersd.org, office phone number: 802-264-5982. The person receiving the complaint, or their designee, shall investigate and then verbally convey their findings to both the person who alleged the violation and the person who **is the subject of the complaint within 10 business days**.

STEP 2:

If the informal Step 1 process does not resolve the matter, OR if the grievant does not wish to use the informal procedures set forth in Step 1, a written complaint may be submitted to either the District Section 504 Coordinator, Carrie Lutz, mailing address: 59 Rathe Road PO Box 27, Colchester VT 05446, email address: carrie.lutz@colchestersd.org, office phone number: 802-264-5982 or the appropriate school specific building 504 coordinator (see list at the end of this document for contact information) who will investigate the complaint.

NOTE: If the section 504 coordinator is the subject of the complaint, the complaint should be submitted to the superintendent who will appoint another administrator (or third party) to conduct the investigation. If both the section 504 coordinator and the superintendent have involvement with the complaint, the written complaint may be submitted to the Human Resources Manager, Michelle Low, mailing address: 59 Rathe Road PO Box 27, Colchester VT 05446, email address: michelle.low@colchestersd.org, office phone number: 802-264-5976.

The complaint shall be in writing and signed by the grievant and include:

1. the grievant name and contact information;
2. the facts of the incident or action complained about;
3. the date of the incident or action giving rise to the complaint;
4. the type of discrimination alleged to have occurred;
5. and the specific relief sought;

Or, alternatively, the grievant may use the 504 Complaint Form (attached). Names of witnesses and other evidence as deemed appropriate by the grievant may also be submitted. An investigation of the complaint will begin within 10 business days following the submission of the written complaint.

The investigation may be informal, but it must be thorough and shall include an interview of the parties and witnesses, a review of relevant evidence, and any other steps necessary to ensure a prompt and thorough investigation of the complaint.

A written disposition of the complaint shall be issued within 10 business days of completion of the investigation, unless a specific written extension of time is provided to the parties.

Copies of the disposition, subject to FERPA confidentiality, will be given to both the grievant and the person who is the subject of the complaint. If discrimination was found to have occurred, the disposition will include the steps that the District will take to prevent recurrence of any discrimination and to correct its discriminatory effects on the grievant and others, if appropriate.

STEP 3

If the grievant wishes to appeal the decision in Step 2, they may submit a signed, written appeal to the superintendent (or board if the superintendent is the subject of the complaint) within 15 business days after receipt of the written disposition. The superintendent/board or their designee shall respond to the complaint, in writing, within 30 business days of the date of the appeal. Copies of the response shall be provided to both the grievant and the person who is the subject of the complaint.

The ADA/504 Coordinator(s) will maintain the files and records related to any complaints filed under this protocol.

ACCOMODATIONS

The District will make appropriate arrangements to ensure that disabled persons are provided other accommodations, if needed, to participate in this grievance process. Such arrangements may include but are not limited to, providing interpreters for the deaf, providing taped cassettes of material for the blind, or assuring a barrier-free location for the proceedings. The section 504 coordinator will be responsible for such arrangements.

CONTACT INFORMATION

If you have questions regarding these procedures or desire to file a complaint, please contact either the district 504 coordinator or building section 504 coordinator.

COLCHESTER SCHOOL DISTRICT**POLICY: CUSTODIAL, JOINT CUSTODIAL AND NON-CUSTODIAL PARENTAL RIGHTS AND RESPONSIBILITIES****DATE ADOPTED:** December 17, 2019**POLICY STATEMENT**

The Colchester School District recognizes the value of providing information concerning a student's school participation and progress to both parents where the parents are separated, estranged or divorced. In such cases, the Colchester School District and its employees will attempt to respect the legal rights of both parents with respect to involvement in their child's education, including access to records, educational decision-making, and notice and participation in school meetings and activities, to the extent provided by state and federal law.

When the whereabouts of both parents are known to the school, school staff shall not unilaterally afford greater rights, authority, or access to one parent over the other. It is not in the interests of a child or of the operation of the school system for school personnel to engage in taking sides or in excluding one parent of a child from an educational process at the request of the child's other parent. It is not the role of school staff to mediate or decide marital differences, or parent custodial rights.

Only when the school is provided with a court order (such as a divorce decree or child custody order), statute or similarly binding document that curtails or limits one parent's rights with regard to the education of the child, will the school make such modifications.

For example, both parents generally have the right:

- a. To view the child's educational records;
- b. To receive school progress and Section 504 reports and (where applicable) certain special education notices and records;
- c. To visit the child briefly at school;
- d. To attend school functions open to the public or to all parents; and
- e. To participate in parent teacher conferences and meetings about the child.

When one parent has been awarded full physical and legal rights and responsibilities, the other parent continues to have a right of access to educational records of their child, unless a court order expressly denies or limits such access. When parents are living separately and upon written request to the child's school, the school will subsequently and routinely mail (or send home via the student) to each parent copies of all child-specific information which is normally sent home with the child. This will include copies of report cards, parent-teacher conference invitations, etc. This practice will continue for the remainder of the school year in which the request is made. This service may be requested annually.

Last Adopted: May 18, 2004
Date Warned: November 26, 2019
First Reading: December 3, 2019
Second Reading: December 17, 2019

The parent with sole physical responsibility and each joint custodial parent has the responsibility to keep the school office informed (a) of their address (residence) and phone number, and (b) of a means of contacting the parent at all times. The non-custodial parent has the responsibility to provide the school office with their phone number and address.

The school district will follow the most recent court order when determining which individual has the authority to remove the child from school property. Typically, both parents may visit or observe the child at school, however, only the parent with physical responsibility for the child will have the authority to remove the child from school property. When the court has awarded joint physical rights and responsibility, both parents have this authority, unless stated otherwise in the court order. If a parent wishes to have the school limit this authority, the parent must provide to the school a copy of a court order or similarly binding document expressly requiring such limitation. If a parent with sole physical responsibility wishes to allow the other parent to remove the child from the property, permission must be provided to the school in writing.

A copy of this policy shall be provided to any parent upon request.

WHEN THE STUDENT TURNS 18

Under Vermont law, a child reaches the age of majority upon their 18th birthday. Under federal law, at that time the parents' rights with respect to access to information contained in education records transfers to the student. It is the policy of this school board to allow continued access to such records to the parent of a dependent student, as that term is defined by Section 152 of the Internal Revenue Code of 1954, as permitted (but not required) by law. Where the student who has turned 18 objects to such disclosure, the school administration shall consider the student's reasons for the objection, and determine whether it is in the interests of the child to permit access to the records by the parent.

Procedural rights of students who are eligible for special education under the Individuals with Disabilities Education Act ("IDEA") also transfer from the parent to the student at the time the student turns 18. Thereafter, as required by law, the parents shall have a continued right to receive copies of certain notices, but otherwise all procedural rights under the special education law shall transfer to the child. Special rules apply if a court has appointed a legal guardian for the student, or the child has been determined to be unable to provide consent with respect to his/her educational program under State procedures. If these provisions may apply, the parent or guardian should discuss the application of this policy with the school principal or their designee.

PARENTAL RIGHTS: SPECIAL EDUCATION AND SECTION 504

In addition to the above parental rights and responsibilities, parents of children who have been found to be eligible for special education services under the IDEA, or who have been determined to be protected under Section 504 of the Rehabilitation Act of 1973, have additional rights. Copies of written statements of parental rights in special education are available from special education staff at each school, and rights with respect to Section 504 are available through each principal.
