

Dear New Friend,

Welcome to third grade and Malletts Bay School! It was wonderful meeting you at fly up day and I am looking forward to getting to know you better and having you in my class. This year will be filled with many new and exciting adventures. You will be learning about Native Americans, Ecosystems, Magnets, multiplication/division and cursive, as well as many other interesting topics. You will have a chance to work with old friends and will also make a lot of new ones.

I would love it if you could find time this summer to read and practice your math facts. This will really help you get ready for third grade. You can also practice writing by sending me an email. My email address is [dawn.schroeder@colchestersd.org](mailto:dawn.schroeder@colchestersd.org). I would love to hear from you!

You will have a desk in third grade to keep all of your school supplies. There are classroom art materials to share (glue, markers, colored pencils and scissors), but you are welcome to bring in your own as well. The following page has the supplies that I would like you to bring in on the first day. Please be sure to bring a snack, water bottle (with a lid that seals) and a big SMILE everyday. Hopefully I will see you in August for the open house. Enjoy the rest of your summer and I will see you soon.

Best wishes from your new teacher & friend,

Mrs. Schroeder

I will have class art supplies, subject folders and a homework folder for each child. Please bring the following materials for your child on the first day:

- 2 **Wide-Ruled** composition notebook (any color)
- Pencils and erasers
- A small pencil box
- A pair of earbuds or headphones that fit comfortably in your child's ears and can **stay at school all year.**
- 2 packs of sticky notes (3x3) not the pop up ones.
- Tissues to share with the class.
- **A snack & A water bottle with a closable spout.**

**You will need these daily.**

Please label all supplies with your child's name.

Thank you !
