

Summer 2019

Dear Fourth Grader,

I am so excited to have you as a member of the Travelers this fall! During the summer I have spent time working in my garden, golfing and traveling. I hope you are all having a wonderful break and are enjoying playing outside and having time off.

As you think about coming back to school, I would like you to choose *one* of the following two options to help us learn a little about you. 1) Choose 5-7 small objects that represent you and your interests. For example, a postcard from your favorite place or a piece of sports memorabilia. Bring them in during the first week of school so we can learn a little about you. Or 2) Create a 5-7 slide presentation using your google account and share it with me at [jana.taylor@colchestersd.org](mailto:jana.taylor@colchestersd.org) so we can show it to the class at the start of the year. The slides should include information that teaches us about you.

While there are school supplies in the class to use, you may want your own:

- Pencil box
- Sturdy folder for home to school use
- Tissues (boxes to share with the class)
- Erasers - Please send only block erasers or cap erasers to school, we have found that some of the more fancier ones (soccer balls for example) become a distraction to other students at the table.
- Ear buds- I will order a few pairs, but in the past the kids have found ones purchased on their own fit more comfortably.
- Pencils
- Post-it notes
- Glue sticks

I hope you are having a terrific summer!  
Miss Taylor
